RCOA welcomes new members of former Customs officers. Current membership is 139. The membership fee for former officer & spouse or single is \$6. An application form is included on the inside back page of this Newsletter. Annual subscriptions are due on 1st January each year. Please check your address label for your current financial status.

PRESIDENTS NOTE

A breakfast and sausage sizzle have been the first two social events of this year so far and they were both judged to be first rate by those attending and so it is planned that we will have more of the same soon and so watch this newsletter for them being advertised as coming up.

As you can see we have booked a function north of the river at last so come on all of you who asked for one, let's see your name on the list of attendees, I know most of the regular diners will be there.

To all our members who may be ailing in this year may your pains ease with the knowledge that we, your friends & second family, think of you often whenever we meet & discuss the past, & our prayers go with you all. 🙏 God bless, Trevor Smart

Recent Outings

The recent *Sausage Sizzle* was another hit. The weather & venue were superb - the day was a delight with 27 of us there to socialize. The great cook off between Hoppy & Warrick (we had two barbecues going) provided us with a feast of sausages & onions. Sue & Ros were the perfect hostesses leaving the rest of us nothing to do but relax & enjoy ourselves. Eleanor found herself to be on a Kookaburra's menu when she tried to feed the birds with some bread, one of them tried to take a bit of her finger and drew blood. Eleanor was still in one piece though & decided not to be so generous leaving the birds to find their own food. Hazel was another casualty with a wasp taking a liking to her & stung her arm. A bit of ice on the bite & she carried on regardless, after all she had a meeting to organise after the meal. After we had filled our bellies Trevor presented Kay Murray & Eric Hovey with 'Legend' awards & their time & commitment to the RCOA were acknowledged. Kay gave us a short speech, briefly outlining her time with RCOA, & was thrilled with her award. Eric also said a few words & was overwhelmed by his award. Congratulations to you both.

The *breakfast at Swan Yacht Club* in March was another success with 31 in attendance. Once again the food was great, the view spectacular & good time had by all. The only down-side was we had to have our tea & coffee in polystyrene cups which spoiled the ambience of the morning. Hazel has assured us that this will not happen again, her negative report to their management was disappointing & duly noted. We are looking forward to another breakfast in August.

Check our social page for future outings. We have a lunch in July to celebrate our birthday, breakfast in August & have other outings planned during the year.

Our Christmas function this year will be on Tuesday December 13th so write this date in your diaries too.

New Members

Max GERREYN
Freda & Maurice MEPHAM

Welcome to you all and hope to see you at some of our functions. You are welcome to send us a piece about yourselves for the newsletter too if you wish.

News of Members

Max Gerryn, one of our newest members, is a professional artist/cartoonist & may look to some of our members for models. Those who worked with Max would be aware of his love of drawing. Maybe we will see him at a future function & he can tell us about his fame & fortune.

See you soon Max.

Dorrie Hamilton is recovering at home, still not 100%. She cannot get around as she used to & has a carer to keep an eye on her.

Our thoughts are with you Dorrie.

Peter Proud recently had a holiday at Middleton Beach & Karri Valley resort. He is also due for another trip to hospital for a complete left hip replacement so will be restricted in his outings for a while as he will not be allowed to drive.

We wish you a speedy recovery Peter

Alex & Sylvia Shaw are off on another trip. They are travelling by train with their car to Sydney & the driving back looking at some of Queensland & other states on the way. They are due back at the end of May.

It's tough being a retiree!

Harry Wills has survived his recent ordeal & is back on track. It was good to see him & Pat at the sausage sizzle recently, the one thing he hasn't lost is his wicked sense of humour.

Good to have you back on track Harry

Ron King - As our roving reporter indicated in the last newsletter, Ron returned home with more than a tale to tell from his trip to Melbourne. On January 2nd he married Judy in a quiet ceremony with family to witness. Their story is like a 'Mills & Boon' novel, boy meets girl early in life, lose touch, then meet again & find they still have the same feelings for each other. We wish them a wonderful life together. xxooxx

Congratulations to you both

Once again, we do know of members who are/have been unwell but respect their request for privacy. We wish you all a speedy recovery & good health.

Michael Metcalf's Story

I had 29 years in Customs and loved the outports and sea and remote area Barrier work. I always considered myself privileged to be able to do some of the work I did in the times that we did, to play a role in the development of the State whilst working in Port Hedland, Derby, Cockatoo and Koolan Islands, Darwin and then Geraldton where the ACV Jabiru was 'landed' upon us. I enjoyed doing interesting jobs in interesting times and I will always look back on them with happiness. To me Customs people are very special and one was so special I married her and 33 years later Robyn and I are still having frank exchanges of views.

Today life is no less interesting. Oh Lord is it no less interesting!! We were in partnership for 15 years and now have bought out our partner so we own the business. Funerals have become part of our life and we enjoy every minute of it. It is very competitive and we have to be constantly promoting ourselves. We are members of the association (AFDA) and comply with their standards and we are comfortable with the knowledge that we present funerals as well as any other company and if our premises are perhaps not as lavish as some (although still comfortable and welcoming) we make up for it with the degree of personalised service. It is generally Robyn and Michael caring for you from start to finish. We see ourselves as being placed in the middle of the market. Offering a less expensive service than the household name companies but providing a better service than the 'price based' companies.

I have accumulated many stories in sixteen years and when undertakers get together they can really tell plenty of stories and play hard. They probably enjoy relaxing more than most people. Thank goodness I had all that training playing moderately hard in my previous life.

Janice Winsor

I'd like to introduce myself to you. I'm Janice Winsor of Seachild Enterprises. I worked work for more than 20 years as a technical writer in the computer industry. For the past 10 years, I wrote computer books for publication. I have donated two of my Sun computers for RCOA to use to set up a Web server. In appreciation, I have been offered the opportunity to let you know a bit about my business.

I am trained as a Certified Clinical Hypnotherapist, a Master Practitioner of NeuroLinguistic Programming (NLP), and a Master Coach of NLP. I do individual coaching sessions with clients to improve the quality of their life in many different areas. This training enables me to work with you on the subconscious level, where all your old patterns and habits lie. Changes can be immediate and permanent. Unlike traditional talk therapy that deals with the 10 percent of you that is your conscious mind, working with change at the subconscious level requires no will power or determination from you. Change happens organically, naturally, and with ease.

If you or anyone you know lacks confidence in dealing with others, my four-step NewView program is definitely worth considering. During a free half-hour session, either in person or on the phone, we will determine your requirements and decide whether to work together. From your first individual session, you'll feel more self-assured and life will seem easier. You'll learn empowering coping strategies so you can deal with life's challenges on your own. You will find it easier to set goals and achieve your future outcomes. Call today to experience a NewView on life. See www.seachild.com for more information, then phone 9439-4789

Superannuated Commonwealth Officers Assoc (WA Branch) is asking for new members. The W.A. Branch lost over 100 members in last 12/12 for various reasons and they want to encourage all eligible Commonwealth Officers to join and help build up the strength of the Branch especially as they have an ongoing National campaign with Federal Govt to increase super rates and change to a more equitable method of calculation for future pension increases.

Chuckles Corner

While in a long check-in queue at an airport, I noticed an airline employee cheerfully directing people to other counters for quicker service. When she asked one businessman his destination, he shouted "I'm late! What are you going to do for me?" The employee took a moment to refer to her chart. "Oh, great!" the impatient traveller remarked. "I need help & I get stuck with a blonde." She kept her eyes on the chart, and then looked up at him with a smile. "Oh dear," she sighed. "Ditz that I am, I just can't think of a single thing I can do for you." And she walked away. The man missed his flight.

[Talk about opening your mouth to change feet!](#)

When my husband was interviewing job candidates, one of his standard questions was "What are your strengths?" He received a thank-you letter from one nervous young man who wrote, "There's something I'd like to mention that completely slipped my mind during the interview. One of my biggest strong points is my excellent memory."

[Duh!](#)

A friend of mine is a police officer in the dog squad. One night he was dispatched to the scene of a possible burglary & discovered the back door of a building ajar. He let the dog out of his car & commanded it to enter & seek. The dog lunged through the doorway, then froze & backed out. My friend was puzzled until he investigated further. Then he noticed the sign on the building "Veterinary surgery".

Johnny's mother had three children. The first child was named April. The second child was named May. What was the third child's name?

A Matter of Faith

Two nuns ran out of petrol while driving in the country. They approached the nearest homestead where the farmer said he would be glad to provide them with enough petrol to get to the nearest town. Unfortunately, he could not find a suitable container, but after scouting around the farm's rubbish heap, came up with the next best thing - a chipped chamber pot. He filled this with fuel for the grateful nuns. As they were refuelling their mini-car a Church of England Minister drove by. He braked sharply & reversed back to the nuns. After sticking his head out of the window, he gushed, "Sisters, I am not of your religious persuasion, but I certainly admire your faith."

A Painful Story

This story concerns the Toyland City Council. One of the workers, Teddy Bear, complained to the foreman that while he could find his wheelbarrow & shovel, someone had stolen his pick. "Don't worry about it Teddy," the kindly foreman said, "[Today's the day the Teddy Bears have their picks nicked.](#)"

Riddle

You use it between your head & your toes.

The more it works the thinner it grows.

What is it?

Trivia Items of Interest

[Where & when were the first passports issued?](#)

The idea of giving people some kind of document affording them safe passage through another country may go back as far as the Egyptian pharaohs, who are thought to have issued their subjects with cartouches bearing the ruler's name. One of the first references to an English passport was in the reign of Henry V, who, in an act of 1414, issued 'Safe Conducts', warning foreigners to allow his subjects to move around unmolested within certain parameters of destination, time & purpose. In return, no Englishman would injure or rob a foreigner who carried one of Henry's Safe Conducts.

[During the spring](#), cows fight among themselves until one emerges as the winner. In Norway, the farmers watch the fight closely, & when the winner has been established, he hangs a bell around her neck. This cow is now the leader of the herd & the other cows just follow. If the bell cow dies or is sold, the farmer simply hangs the bell around the neck of another cow, & all the cows immediately follow her. They have learned that whoever has the bell is the boss!

[No Bull!](#)

[The ice on Antarctica](#) is nearly 5km thick in some places. It holds 70% of Earth's fresh water & 90% of its ice. If it were divided up, every person on Earth could have a chunk of ice larger than the Great Pyramid. That's a lot of ice. There is land underneath Antarctica's ice, but not at the Arctic where the ice floats on top of the ocean. The average temperature is -49°C but believe it or not, it very rarely snows there!

[Jellyfish](#) look all soft & squishy - & just like a blob of jelly. That's because they have no bones & are 95% water. They are often washed up on beaches where they melt in the sun. Ever wonder where they go?

Overall a good year & we hope for another great social year in 2005. Thank you

President's Report - The year of 2004 was significant for the Committee of this Association as we decided to create a new honour system for our members and others who show outstanding devotion and work ethics beyond the normal, to the good of all members of this Association. We have in our Constitution an honorary award already for life membership but we feel that this does not do credit for some who may never receive this award but are genuine legends to us all and deserve special recognition. This new award may be given to members who are full members, or their spouses, but also may be given to 'friends' and other people as associates or other persons associated in other ways. They do not need to be members of our Association to receive our special recognition and be declared a 'legend'. We need to remember for always the people who have earned the appreciation of members and we will do this by creating a 'legends book' which will be available at all major venues for perusal by members present, and the book will contain details and photographs of the chosen 'legends' and historical photographs and other paraphernalia.

The person selected as a legend will be given a framed 'certificate of appreciation' ready for hanging or placing in a place of prominence and the certificate will be signed by the Executive at the time of presentation. The certificate will be presented at events like the AGM or our Christmas party each year with full honours being taken into account in the presentation ceremony. This certificate can then be suitably hung or shown in some other manner at home showing the appreciation and respect we see them in. A copy of the certificate will be placed in the legends book. Posthumous certificates will be presented to the recipient's families.

The people chosen to select these recipients will be members of the Executive Committee, being the serving office bearers at the time of the President, Vice President and the Honorary Secretary of the RCOA of WA Inc. Certificates today were presented in the following order to those persons we have selected for this occasion - Gwen Gregg, Mary Toy, Alex Shaw, Vern Westley & Harry Wills. These people were overwhelmed with their presentation and were photographed together for the 'legends book' along with Connie Hughes and Darrell Johnson who received their awards last year at the Christmas function.

Harry Wills - took the chair and proceeded with the election of office bearers for the next year. Only one nomination received per position and elected unopposed as below.

President	Trevor Smart	Committee	Warrick Gates, Neil Hopkins
Vice President	Ron King		Darrell Johnson, Mike Metcalf
Secretary	Hazel Webb		Kay Schmidt, Harry Wills
Treasurer	Bernie Webb	Auditor	Debbie MacDonald
Editors	Bernie & Hazel Webb		

The next Annual General Meeting will be February 7th 2006, venue to be advised in the newsletter. With no further business arising the meeting closed at 12:05 pm

Last but not Least

- Answer to the riddle on page 3 - A bar of Soap!
- You will notice we have included the minutes of this year's AGM in this issue. The committee agreed that members may be interested in some of the items raised or were discussed.
- We have been discussing the possibility of setting up a WEB site for RCOA. This is all still in the pipe line a long way before it will be up & running. We will keep you all informed when it looks like we have the go-ahead Janice Winsor kindly donated computer items to enable this to be a reality (see her article on page 3).
- As you all know, Mike has his own funeral business (see ad below & article on page 3). Unfortunately there comes a time when we need the services of a funeral parlour. If you do need to arrange a funeral Mike is always there to give help & advice.
