News of Members

Hope you are all fit & well, we have not received news of (or from anyone) to put into this issue. Kaye Murray contacted me to say she has had a stint in hospital and is now off travelling to Eastern States, no stopping that lady. Guess I will have all the gossip at Christmas Lunch when I see her.

PUZZLE PAGE

A Code-breaker is a crossword puzzle with no clues! Instead, every letter of the alphabet has been replaced by a number, the same number representing the same letter throughout the puzzle. All you have to do is decide which letter is represented by which number! To start you off, we reveal the codes for two or three letters. When these letters have been entered throughout the puzzle, you should have enough information to start guessing words and discovering other letters.

Each Sudoku has a unique solution that can be reached logically without guessing. Enter digits from 1 to 9 into the blank spaces. Every row must contain one of each digit. So must every column, as must every 3x3 square
